Arrival by car:

Arrival from the motorway A1 coming from Zagreb driving towards Split. After passing Zadar please leave the motorway at exit no. 19 called BENKOVAC.

After leaving the tollbooth you come to a junction where you turn left onto the country road D27 towards Stankovci / Pakoštane.

Remain on the road D27 and drive through Budak until you reach the centre of the village Stankovci.

In Stankovci please pay attention – at a junction with the destination boards Murter, Tisno, Pirovac and Banjevci, you turn right and follow the country road until you reach Pirovac.

After Stankovci you will drive through the villages Banjevci and Kašič.

Remain on the main road/
country road.

After passing the town sign
of Pirovac, please drive on
until you reach a big
intersection/
crossroad.

Shortly before you finally reach the said **big intersection** you will see three destination boards (s. picture below on the right side).
At the intersection please turn right onto the coastal road, called *Jadranska magistrala*, and drive on though Pirovac towards (Zadar):

Drive on the coastal road *Jadranska magistrala* though Pirovac until you pass (on your left side) the petrol station (PINA).

100 m after the petrol station (PINA) two streets lead into our little settlement in the north of Pirovac.

Please do not turn into the first road, instead take the second road on your left side after passing the petrol station (PINA).

If you have turned into the second road keep on driving straight forward and turn left again into the second road called "Stare Vrulje".

There you will find our guest house Apartman Zora, it is the second house on the left side with a yellow fence.
